Carver-Price School News

Hello Readers! The New Year has arrived in all its glory. All around school we hear the students say they have resolved to study harder this year. Not a bad resolution for anyone.

During the holidays many of our graduates were back. They visited us before and after vacation. Curtis Whitted, a 1955 graduate who is attending Morgan State College in Baltimore, spoke to the seniors on his experiences and encouraged them to come to Morgan. He is a science major. Allen Watkins was home from West Virginia State, where he is majoring in Psychology. Luvenia Johnson, Cossie McCoy and Sarah Watkins from Virginia State College spent their holiday home. Novella Hicks and Lillie Lewis were home from St. Paul Polytechnic Institute. Second Lieutenant Charles O. Jeffries was also home on his Officers' Training School at Fort Benning, Georgia. He graduated last spring from Virginia State. Dexter Johnson, who graduated from Virginia State last spring majoring in Dietetics, is now a Dietician at Bellevue Hospital in New York City, spent a few days here. Others seen were Edward Lilly, Willie Lilly, and Eugene Browder. Edward will enter Morgan State in February. Eugene Browder is now in the Navy, at Bainbridge, Maryland. We are indeed proud of our former graduates and the splendid progress they are making. We always like to have them back and visit us.

Prior to our holiday, we were very glad to have two representatives from the Row, Peterson Company visit our English classes. They serve in the capacity of Consultants. Dr. Aubrey Keesee, Supervisor of Instruction, introduced Miss Grossenbacker, who gave a demonstration lesson to two English classes. Much helpful information was given on the use of the new English texts.

Our next basketball game will be with Charlotte Court House, there, on Wednesday night. The girls will play a preliminary game against the Charlotte girls.

Friday night we play Carter G. Woodson High of Buckingham here. Girls will play the preliminary game. Don't miss the game!

Until next week, our thought: "From contemplation one may become wise, but knowledge comes only from study."

NEW TAX GUIDE FOR FARMERS

The Internal Revenue Service says that farmers of the Nation can get a lot of help from this brand new tax guide, intended to ease their work in preparing their 1955 returns, first to include computations on self-employment taxes. Other problems also are treated in copy and pictorial detail. Copies may be obtained from district internal revenue offices or from county farm agents.

Dear Sirs,

I am working here in D. C., where I hear this Gray Bill discussed from both sides. If you can put it in the paper this is the way I see it.

This Bill pending to vote on Jan. 9th, that, if passed, will let public school funds be spent for private schools. This is called the Gray Bill. If this bill is passed will calll for more taxes and can bring more expense in many ways. There is something working that is not seen in this bill it looks like.

A law can always be changed. But when changed it is hard to amend.

As I see it just now, I would leave the law as is.

If anyone wants private schools O.K. let them pay for them but leave the public school funds alone.

The colored children wanting to go to white schools is not all of it. There is something more drastic behind it. As I see it.

Jim Brown.

News Around Town

By Mrs. Calvin Robinson

I liked the one I read in Quote about the GI over in Korea. His buddy asked him if there was anything in the Army he wanted to take with him when he finally got his discharge. The GI thought it over and said, yes, he wanted to take his Army rifle home with him. The buddy was surprised at that and wanted to know why. The GI said: "I would like to plant that rifle in my front yard. And every time it rained, I would sit there by the window and say: "Rust, you rascal, rust!"

Note: On the front page, the Times-Virginian for this issue carries — Volumne 64, Number 1. That means that this newspaper is beginning its 64th year of publication!

Jesse Morton Rosser arrived home Wednesday of last week after receiving his discharge from the U. S. Army. Mr. Rosser had been stationed in Korea for the past ten months. He has been here with his mother, Mrs. Virginia Rosser, prior to entering V. P. I. on January 3.

Ever see a "Witch's Broom"? Mr. Walter Henry, of Spout Spring came by our office with a perfect specimen. It is a freak matted growth on an ordinary field pine tree. This one was about a yard in diameter. The Henrys had used it for a doorway decoration this Christmas. Lovely thing.

Congratuations to our many fine correspondents, for the splendid volume of news letters sent in for this issue. Nothing helps the paper like having just lots of news letters to come in!

I noticed the improvement at the important traffic corner in town at the residence of the late Mrs. Mollie Moore. Visibility aorund this curve has been improved.
